

# tech-check specs architectural | Division 11

This is a template, so some items will apply to your project, and others won't or will be missing. When using the list, make the changes needed for your project.

The content of the Tech-Check Lists is based on our specs and MASTERSPEC®.

## DIVISION 11 - EQUIPMENT

### □ 111313 - LOADING DOCK BUMPERS

- This section specifies loading dock bumpers. Surface mounted, laminated tread.
  - Basis of Design Manufacturer:** Rite-Hite. <https://www.ritehite.com/en/am/products/loading-dock-management/loading-dock-bumpers>
- Check that specified bumpers are the same type as indicated on the Drawings.
- Check that details showing installation and location match the section.

### □ 111316 - LOADING DOCK SEALS AND SHELTERS

- This section specifies transparent-strip door curtains, inflatable loading dock seals, and frame-type shelters.
  - Basis of Design Manufacturer:** Blue Giant, <https://www.bluegiant.com/Products/Seals-and-Shelters.aspx>.
- Section includes requirement of coordination with electrical work if units are motor-operated.
- Check that section included sizes if not indicated on the Drawings.
- Section induces types of trip door curtains including installation method.
- Manufacturer's warranty is included.
- Maintenance service and demonstration are included if Owner wants them.
- LEED PROJECTS:** Requirements and Submittals included at the beginning of the section.

### □ 111319 - STATIONARY LOADING DOCK EQUIPMENT

- This section specifies pit style, hydraulic dock levelers and truck restraints.
  - Basis of Design Manufacturer:** Blue Giant. <https://www.bluegiant.com/Products/Dock-Levelers/Pit-Style.aspx>
- Section includes coordination with existing construction and electrical work, if motorized unit is specified.
- Manufacturer's warranty is included.
- Field measurements requirement is included.
- Accessories are included.
- Truck Restraints are included.
- Maintenance service and demonstration are included if Owner wants them.
- LEED PROJECTS:** Requirements and Submittals included at the beginning of the section.

### □ 111200 - PARKING CONTROL EQUIPMENT

- This section specifies Automatic barrier gates.
    - **Basis of Design Manufacturer:** None on file
  - Coordination with electrical work is included in the section.
  - Type (straight gate arm type) is in the specs.
  - Required ADA protections (audible signal, etc) are included in the specs.
-
